Stu Cabe l Area 2 and new numbers After 20 years of teaching, excited to go back and put new ideas into action Norm crafting the Cle Elum crew's area "Made the year" for a newbie! Fun to watch Becky do something special! Being back for a new term, and being a body guard Appreciate the varied skill sets of the board Lots of positive feedback about Meet the Pros! Good to see lots of people sticking around and not trying to make a keynote work. ;-) Working with the group. At my school, it's just me. Great to just see things get done. Great convos with the area Sue kicked the store's butt! ;-) The fluidity and ease, all the jobs got done. Got the work done but still had time to talk to the delegates.

	<p>I'm in love with you people! It's like getting to live in fantasy land when you working with those who care and get the work done!</p> <p>Good feedback on the coaching strand. The program came together and people showed!</p> <p>Clipboards for presenters</p> <p>Keenly aware of those who have a hard time in their schools. They need love, support, and encouragement. We give great ideas, but people get more from this conference.</p> <p>The number of new things that Becky introduced over the three days.</p> <p>Watching the board function as a well-oiled machine. ☺</p>
